To clarify my purpose for sharing these – I am aware that RD had already forwarded these to Erin and wanted others to have them for awareness.

Some thoughts from RD on this topic for consideration. Things we have been batting around for a while.

Thanks Scott. Happy to do a quick call with OGC and OPP, if that would help.

**Subject:** 24(c) Web Page

**Importance:** High

During my check-in with Alex this morning, she mentioned that she thought we needed to update the FIFRA 24(c) webpage

([https://www.epa.gov/pesticide-registration/guidance-fifra-24c-registrations#:~:text=Section%2024\(c\)%20states%20that,24\(c\)%20registrations%20annually.](https://www.epa.gov/pesticide-registration/guidance-fifra-24c-registrations#:~:text=Section%2024(c)%20states%20that,24(c)%20registrations%20annually.)), particularly in light of yesterday's announcement. I've already received a few calls from states – I'm sure others have, as well – about some of the statements made in conjunction with the announcement and how we will operate the 24(c) program moving forward.

OCSPP would appreciate any advice that OGC might have on how to revise/update this language.

For OPP, we probably also need to look at the forms and the guidance documents to see what updates might be needed there (if any).
